

## **Gooper Monologue**

You just won't let me do this the nice way, will yuh? Aw right – I don't give a goddamn if Big Daddy likes me or don't like me or did never or will never! I'm just appealin' to a sense of common decency an' fair play! I'm tellin' you th' truth – I've resented Big Daddy's partiality to Brick ever since th' goddamn day you were born, son, an' th' way I've been treated like I was just barely good enough to spit on, an' sometimes not even good enough for that.
